

Exhibition Freighting G.S.M Service

The importance of using the EF-gsm service.

We will -

1. Instruct our colleagues in your country to make contact with you
2. collect your display material from your door.
3. import your product into South Africa
4. take care of the necessary ZA customs procedures
5. store your products until the build-up date of the event
6. deliver your products to your booth
7. store the empty packages
8. visit you & discuss the outward movement of your products from the event
9. re-export your products back to its origin or send it onto another event.

NB* You need to be a registered importer to bring goods into South Africa.

If you use your **own Agent**
They will -

1. get their Agent to contact you
2. Collect your display material from your door.
3. Send you product to South Africa
4. **NOT be able to clear your shipment, as your Agent is not a registered importer**
5. You will then be requested to make contact with us for further assistance, as we are a registered importer.
6. All the documentation will have to be corrected to our name, if it is not already in our name.
7. **We will invoice your Agent Admin costs for the use of our legal codes & we will require all copy documentation, in order to register the VAT with our Inland Revenue. This is a costly procedure.**

If you use **Courier**
They will -

1. Get their Agent to contact you
2. Collect your display material from your door.
3. Send your product to South Africa.
4. **NOT be able to cleared your shipment, as the COURIER Agent is not a registered importer.**
5. You will then be requested to make contact with us for further assistance, as we are a registered importer.
6. We will NOT be able to offer our legal codes, as the courier will not pay us for this service, or email us any documents, as they have no idea who the shipment belongs to & you have not advised us that you have sent your products by courier.
